INDEPENDENT AUDITOR'S REPORT

Honorable Members of the Board
Public Defender Corporation
Thirtieth Judicial Circuit
Williamson, West Virginia

We have audited the basic financial statements of the Public Defender Corporation for the Thirtieth Judicial Circuit (the "Corporation"), a component unit of the State of West Virginia as of and for the year ended June 30, 2011, as listed in the table of contents. These financial statements are the responsibility of the Corporation's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of the Corporation as of June 30, 2010 were audited by other auditors whose report dated September 23, 2010 expressed an unqualified opinion on these statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Corporation as of June 30, 2011, and the change in financial position and cash flow, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 12, 2011, on our consideration of the Corporation's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis*, as listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any other assurance.

PUBLIC DEFENDER CORPORATION
FOR THE THIRTIETH JUDICIAL CIRCUIT
MANAGEMENT'S DISCUSSION & ANALYSIS
YEARS ENDED JUNE 30, 2011 and 2010
(unaudited)

This discussion and analysis of the Public Defender Corporation of the Thirtieth Judicial Circuit of the State of West Virginia financial performance provides an overview of the Corporation's financial activities for the fiscal years ended June 30, 2011 and 2010, and identifies changes in the Corporation's financial position.

Overview of Basic Financial Statements

These statements are in two parts – *management's discussion and analysis* (this section) and the *basic financial statements*. The Corporation's financial statements are prepared on the accrual basis of accounting and are reported in accordance with accounting principles generally accepted in the United States of America. These statements include the *statements of net assets*, the *statements of revenues, expenses and changes in net assets*, the *statements of cash flows* and the notes to the financial statements.

The *statement of net assets* presents the Corporation's assets, liabilities and net assets as of the financial statements date. Through this presentation one can decipher the health of the Corporation by taking the difference between the assets and liabilities. An increase or decrease in the Corporation's net assets from one year to the next is an indicator of whether its financial health is improving or deteriorating.

The *statement of revenues, expenses, and changes in net assets* reports revenues and expenses when earned or incurred. This means that all of the current year's revenues and expenses are included regardless of when cash is paid or received, thus providing a view of financial position that is similar to that presented by most private-sector companies. This statement summarizes the cost of providing legal defense services to those individuals charged with a violation of the law but who cannot afford an attorney to defend themselves or to represent indigent persons or juveniles and mental hygiene cases as appointed by the court.

Detailed Financial Analysis of the Corporation

Cash held by the Corporation increased due to unexpended funds not used to pay the other post employment benefit liability. Other post employment benefit liability, included in long term post employment benefit liabilities, increased by \$41,917 due to an increase in the rate charged by the Retiree Health Benefit Trust (RHBT) fund. All other assets and liabilities remained consistent within the two periods.

Operating revenue for the fiscal year increased by \$60,166, due to increased funding from WVPDS.

Operating expenses for the fiscal year remained fairly consistent with fiscal year 2010.

Capital Asset and Debt Activity

As of June 30, 2011, 2010 and 2009, the Corporation had capital assets amounting to approximately \$54,128. The Corporation's capital assets include furniture, fixtures and computer equipment. The assets were being depreciated over useful lives of three to ten years. The accumulated depreciation on the assets amounted to approximately \$54,000, \$54,000 and \$53,000, respectively. There were no disposals during the current year.

Cash Management

The Corporation's funds are deposited into a checking account at a national banking institution. This account earned interest at a rate of .75% for the years ended June 30, 2011, 2010 and 2009, respectively. Interest earned on the account for the years ended June 30, 2011, 2010 and 2009 amounted to approximately \$1,524, \$570, and \$460, respectively.

Economic Factors and Next Year's Budget

The West Virginia Public Defender Services, the Corporation's oversight agency, looked at various factors when approving the budget for the year ending June 30, 2012. Such factors considered include: the Corporation's case load in comparison to the number of professional and nonprofessional staff, the type, amount and rate of employee benefits, the anticipation of large or unusual cases which require additional resources, capital needs, as well as the operating environment and its operation needs.

For the year ending June 30, 2012, the Corporation had an approved budget of \$569,678. This represents a budget decrease of \$37,266 from the prior year. This decrease is attributable to not anticipating any large or unusual cases in the upcoming year, and a reduction of expenditures for the other post employment benefit liability. All other budgeted items are within a reasonable amount to the prior year.

PUBLIC DEFENDER CORPORATION
FOR THE THIRTIETH JUDICIAL CIRCUIT
NOTES TO THE FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2011 and 2010

NOTE 1 - ORGANIZATION

The Public Defender Corporation for the Thirtieth Judicial Circuit (the 'Corporation') is a not-for-profit Corporation created under authority of Article 21, Chapter 29 of the West Virginia State Code. The Corporation is a discretely presented component unit of the State of West Virginia and is funded by West Virginia Public Defender Services. The purpose of the Corporation is to provide high quality legal assistance to indigent persons, at no cost, who would be otherwise unable to afford adequate legal counsel.

Approximately 83% of the Corporation's revenues are utilized for program related purposes and 17% are for management and general purposes.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Corporation have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board ("GASB"), including Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*. The financial statement presentation required by GASB Statements No. 34 provides a comprehensive, entity-wide perspective of the Corporation's assets, revenues, expenses, changes in net assets and cash flows.

The Corporation follows all GASB pronouncements as well as Financial Accounting Standards Board ("FASB") Statements and Interpretations, Accounting Principles Board Opinions and Accounting Research Bulletins issued on or before November 30, 1989, and has elected not to apply the FASB Statements and Interpretations issued after November 30, 1989, to its financial statements.

Reporting Entity

The Corporation is a component unit of the State of West Virginia and is funded by West Virginia Public Defender Services. The West Virginia Public Defender Services is part of the general fund of the state's comprehensive annual financial report. The Corporation is a separate entity and is considered a discretely presented component unit of the State of West Virginia.

NOTES TO THE FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2011 and 2010

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Statement Presentation

As required by GASB 34, the Corporation displays net assets in three components, if applicable: invested in capital assets, net of related debt; restricted, and unrestricted:

Invested in capital assets

This represents the Corporation's total investment in capital assets, net of outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of invested in capital assets, net of related debt. As of June 30, 2011, the Corporation had no outstanding debt.

Restricted net assets

Restricted net assets are assets whose use or availability has been restricted and the restrictions limit the Corporation's ability to use the resources to pay current liabilities. When both restricted and unrestricted resources are available for use, it is the Corporation's policy to use restricted resources first, then unrestricted resources as needed.

Unrestricted net assets

Unrestricted net assets represent resources derived from state appropriations. These resources are used for transactions related to the providing of legal assistance to indigent persons, at no cost, who would otherwise be unable to afford adequate legal counsel, and may be used at the discretion of the board of directors to meet current expenses for any purpose.

Basis of Accounting

For financial accounting purposes, the Corporation is considered a special-purpose government engaged only in business-type activities. Accordingly, the Corporation's financial statements have been prepared on the accrual basis of accounting with a flow of economic resources measurement focus. Revenues are reported when earned and expenses when materials or services are received.

Cash and Cash Equivalents

For purposes of the statement of net assets, the Corporation considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

PUBLIC DEFENDER CORPORATION
FOR THE THIRTIETH JUDICIAL CIRCUIT
NOTES TO THE FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2011 and 2010

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital Assets

Capital assets include property, plant, and equipment. Capital assets are stated at cost at the date of acquisition or construction, or fair market value at the date of donation in the case of gifts. Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally three to ten years. The Corporation's capitalization threshold is \$1,000. There was no depreciation expense for the year ended December 31, 2011. Depreciation expense for the year ended June 30, 2010 was \$582.

Compensated Absences and Other Post Employment Benefits (OPEB)

Effective July 1, 2008, the Corporation adopted GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*. This statement provides standards for the measurement, recognition, and display of other postemployment benefit ("OPEB") expenditures, assets, and liabilities, including applicable note disclosures and required supplementary information. During fiscal year 2006, House Bill No. 4654 was established to create a trust fund for postemployment benefits for the State of West Virginia (the "State"). Effective July 1, 2007, the Corporation was required to participate in this multiple employer cost-sharing plan, the West Virginia Retiree Health Benefit Trust Fund, sponsored by the State of West Virginia. The Plan provides the following retiree group insurance coverage to participants: medical and prescription drug coverage through a self-insured preferred provider benefit (PPB) plan and through external managed care organizations (MCOs), basic group life, accidental death, and prescription drug coverage for retired employees of the State and various related State and non-State agencies and their dependents. Details regarding this plan can be obtained by contacting Public Employees Insurance Agency ("PEIA"), State Capitol Complex, Building 5, Room 1001, 1900 Kanawha Boulevard, East, Charleston WV 25305-0710 or <http://www.wvpeia.com>.

This statement requires entities to accrue for employees' rights to receive compensation for vacation leave, or payments in lieu of accrued vacation or sick leave, as such benefits are earned and payment becomes probable.

Estimated obligations arise for vacation leave at the current rate of employee pay. Employees earn vacation leave based on years of service. Employees with less than 5 years of continuous full-time employment during any period earn 15 days per year. Employees with 5 years, but less than 12 years of full-time employment during any continuous 10-year period, earn 18 days per year, and employees with more than 12 years of full-time employment during any continuous period of 10 years or more, earn 21 days per year. Employees vest in a maximum of 35 days of unused vacation leave which is paid at the time of separation of employment.

NOTES TO THE FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2011 and 2010

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Also, the Corporation grants sick leave based on time worked. Full-time employees earn 18 sick leave days for each year of service with no maximum accumulation. The Corporation does not accrue any liability for sick leave because no amount is paid at the time of separation of employment. The liability is now provided for under the multiple employer cost-sharing plan sponsored by the State.

The estimated expense and expense incurred for the vacation leave and OPEB benefits are recorded as a component of employee benefits on the statement of revenues, expenses and changes in net assets. OPEB costs are accrued based upon invoices received from RHBT Trust Fund based upon actuarial determined amounts. At June 30, 2011 and 2010, the noncurrent liability related to OPEB cost was \$109,432 and \$67,515, respectively. The total OPEB expense incurred was \$59,603 and \$53,815, respectively which is included as a component of employee benefit expense. As of the years ended June 30, 2011 and 2010, there were no retirees receiving these benefits.

Risk Management

The Corporation has obtained general, property, casualty and liability coverage for itself and its employees through third party insurance companies. Any loss in excess of the \$1,000,000 policy limit will be the responsibility of the Corporation.

In addition, through its participation in the West Virginia Public Employees Insurance Agency (PEIA) and a third-party insurer, the Corporation has obtained health, life, prescription drug coverage, and coverage for job related injuries for its employees. In exchange for payment of premiums to PEIA and the third-party insurer, the Corporation has transferred its risks related to health, life, prescription drug coverage, and job related injuries.

West Virginia had a single private insurance company, BrickStreet Insurance, which provided workers' compensation coverage to all employers in the state. Other private insurance companies began to offer coverage to private-sector employers July 1, 2008 and began to offer coverage to government employers beginning July 1, 2010. Nearly every employer in the State, who has a payroll, must have coverage. The cost of all coverage is paid by the employers. BrickStreet retains the risk related to the compensation of injured employees under the program.

PUBLIC DEFENDER CORPORATION
FOR THE THIRTIETH JUDICIAL CIRCUIT
NOTES TO THE FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2011 and 2010

NOTE 4 - DEFINED CONTRIBUTION RETIREMENT PLAN (Continued)

Virginia State Code assigns the authority to establish and amend benefits provisions to the PERS Board of Trustees. Employees who retire at or after age 60 with five or more years of contributory service or who retire at or after age 55 and have completed 25 years of credited service are eligible for retirement benefits as established by State statute. Retirement benefits are payable monthly for life, in the form of a straight-line annuity equal to two percent of the employee's final average salary multiplied by the number of years of the employee's credited service at the time of retirement. PERS also provides deferred retirement, early retirement, death and disability benefits to plan members and beneficiaries. The West Virginia Consolidated Public Retirement Board issues a publicly available financial report that includes financial statements and required supplementary information for PERS. That report may be obtained by writing to the West Virginia Consolidated Public Retirement Board, 1900 Kanawha Boulevard East, Building Five, Charleston, West Virginia 25305 or by calling (304) 558-3570.

FUNDING POLICY – The PERS funding policy has been established by action of the State Legislature. State statute requires that plan participants contribute 4.5% of compensation. The current combined contribution rate is 17% of annual covered payroll, including the Corporation's contribution of 12.5% which is established by PERS. Effective July 1, 2011, an increase in the contribution rate of 2% will raise the Corporation's contribution rate to 14.5%. Total contributions to PERS for the years ended June 30, 2011, 2010, and 2009 were \$59,603, \$52,384 and \$51,530, respectively, which consisted of \$43,826, \$37,176 and \$36,071 from the Corporation and \$15,777, \$15,208 and \$15,459 from the covered employees, respectively.

Under the Plan guidelines, if an employee is hired by the Corporation and joins the Plan after they have been previously employed by another state agency, this employee has the ability to make a retroactive purchase of prior service time or "buy-back". Under the current contract with the West Virginia Public Defender Services office of the State of West Virginia, the Corporation will only fund the employer portion of such buy-backs on a case by case scenario after consideration by the West Virginia Public Defender Services. West Virginia Public Defender Services expressly declines to purchase retroactive service credit. For the years ended June 30, 2011 and 2010, the Corporation did not authorize the employer portion of any buy-backs for Plan participants.

NOTE 5 - CONCENTRATIONS

The Corporation maintains its account balances in a local financial institution. The account is insured by the Federal Deposit Insurance Corporation up to \$250,000. The Corporation's bank balance at June 30, 2011 and 2010 was \$216,266 and \$136,656, respectively.

The Corporation receives virtually all of its funding from West Virginia Public Defender Services. A significant reduction in this level of support would have a significant adverse effect on the Corporation.

NOTE 8 - CONTINGENCIES

The Corporation is on a reimbursement plan with the State of West Virginia, Workforce WV, Unemployment Compensation Division, (Workforce) whereby they no longer pay quarterly premiums. Such audits and reviews could result in requests for reimbursements to grantor agencies for expenditures disallowed under the terms of the grants. The amount, if any, of expenditures which may be disallowed by grantor agencies cannot be determined at this time, although management believes such amounts, if any, to be immaterial.

NOTE 9 - CASH HELD AT FISCAL YEAR END

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Honorable Members of the Board
Public Defender Corporation
for the Thirtieth Judicial Circuit
Williamson, West Virginia

We have audited the basic financial statements of the Public Defender Corporation for the Thirtieth Judicial Circuit (the "Corporation"), a component unit of the State of West Virginia, as of and for the year ended June 30, 2011, and have issued our report thereon dated September 12, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Corporation's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of opining on the effectiveness of the Corporation's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the Corporation's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies, resulting in more than a reasonable possibility that a material misstatement of the Corporation's financial statements will not be prevented, or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above. However, we identified a certain deficiency in internal control over financial reporting, described in the accompanying Schedule of Findings that we consider a significant deficiency in internal control over financial reporting. We consider finding 2011-01 to be a significant deficiency. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Honorable Members of the Board
Report on Internal Control over Financial Reporting and on Compliance and
Other Matters Required by *Government Auditing Standards*
Page 2

Compliance and Other Matters

As part of reasonably assuring whether the Corporation's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

The Corporation's response to the finding identified in our audit is described in the accompanying schedule of findings. We did not audit the Corporation's response and, accordingly, we express no opinion on it.

We intend this report solely for the information and use of the Public Defender Corporation for the Thirtieth Judicial Circuit Board of Directors, management of the Corporation, West Virginia Public Defender Corporation, and state awarding agencies. We intend it for no one other than these specified parties.

PUBLIC DEFENDER CORPORATION
FOR THE THIRTIETH JUDICIAL CIRCUIT
SCHEDULE OF FINDINGS
YEARS ENDED JUNE 30, 2011 AND 2010

**FINDINGS RELATED TO THE FINANCIAL STATEMENTS
REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS**

Finding 2011-01

Significant Deficiency – Reporting

The Corporation failed to provide proper financial statements to the auditors for audit. The Corporation did not present an MD&A, properly classified financial statements, footnotes, or the schedule of budget to actual expenses. Material adjustments were made to the financial statements which should have been prevented or detected by the Corporation's internal controls over financial reporting. The material misstatements were identified in the following areas:

- Accrued OPEB Liability
- Capital Assets Depreciation
- Compensated Absences
- Accounts Payable

The accompanying financial statements were adjusted to reflect the correction of the material misstatements. The Corporation should implement monitoring controls over financial reporting to ensure that all financial statement transactions are accurately and completely reported.
