INDEPENDENT AUDITOR'S REPORT

September 15, 2017

Public Defender Corporation for the Second Judicial Circuit
509 Seventh Street
Moundsville, WV 26041

To the Board of Directors:

Report on the Financial Statements

We have audited the accompanying financial statements of the **Public Defender Corporation for the Second Judicial Circuit**, West Virginia, a component unit of the State of West Virginia (the Corporation), as of and for the years ended June 30, 2017 and 2016, and the related notes to the financial statements, which collectively comprise the Corporation's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Corporation's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Corporation's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Public Defender Corporation for the Second Judicial Circuit, West Virginia, as of June 30, 2017 and 2016, and the changes in financial position and cash flows thereof for the years then ended in accordance with the accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis*, schedules of net pension liabilities and pension contributions listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on the Corporation's basic financial statements taken as a whole.

The Schedule of Budget to Actual Expenses – Cash Basis presents additional analysis and is not a required part of the basic financial statements.

The schedule is management's responsibility, and derives from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling the schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 15, 2017, on our consideration of the Corporation's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Corporation's internal control over financial reporting and compliance.

**PUBLIC DEFENDER CORPORATION
FOR THE SECOND JUDICIAL CIRCUIT
MANAGEMENT'S DISCUSSION & ANALYSIS
FOR THE YEARS ENDED JUNE 30, 2017 AND 2016
(Unaudited)**

This discussion and analysis of the Public Defender Corporation for the Second Judicial Circuit of the State of West Virginia financial performance provides an overview of the Corporation's financial activities for the fiscal years ended June 30, 2017 and 2016, and identifies changes in the Corporation's financial position.

Overview of Basic Financial Statements

These statements are in two parts – *management's discussion and analysis* (this section) and the *basic financial statements*. The Corporation's financial statements are prepared on the accrual basis of accounting and are reported in accordance with accounting principles generally accepted in the United States of America. These statements include the *statements of net position*, the *statements of revenues, expenses and changes in net position*, the *statements of cash flows* and the notes to the financial statements.

The *statement of net position* presents the Corporation's assets, liabilities and net position as of the financial statements date. Through this presentation one can decipher the health of the Corporation by taking the difference between the assets and liabilities. An increase or decrease in the Corporation's net position from one year to the next is an indicator of whether its financial health is improving or deteriorating.

The *statement of revenues, expenses, and changes in net position* reports revenues and expenses when earned or incurred. This means that all of the current year's revenues and expenses are included regardless of when cash is paid or received, thus providing a view of financial position that is similar to that presented by most private-sector companies. This statement summarizes the cost of providing legal defense services to those individuals charged with a violation of the law but who cannot afford an attorney to defend themselves or to represent indigent persons or juveniles and mental hygiene cases as appointed by court.

Detailed Financial Analysis of the Corporation

Cash held by the Corporation at June 30, 2017, increased by approximately \$13,000 from the prior year. Accounts payable decreased by approximately \$2,000 due to the timing of bills received for services performed prior to 6/30/16. Other post employment benefit liability, included in long term post employment benefit liabilities, increased by approximately \$2,000 during the fiscal year ended June 30, 2017 for the post-employment benefit. Deferred outflows increased by approximately \$54,000, pension liability increased by approximately \$78,000 and deferred inflows of resources decreased by approximately \$27,000. All other assets and liabilities remained consistent with the prior fiscal year.

Operating revenue for the fiscal year ended June 30, 2017 increased by approximately \$5,000 due to increased funding from WVPDS.

Operating expenses for the fiscal year ended June 30, 2017, increased by approximately \$37,000. Changes in expenses include an increase of health insurance expense (\$5,000), payroll expense (\$11,000), payroll taxes (\$1,000), property-computers (\$1,000), utilities (\$1,000), and accounting expense (\$1,000). Changes in expenses also include an increase in pension contribution expense (\$23,000), contracts- general (\$3,000), computer software expense (\$1,000), and office supplies expense (\$1,000). These changes net to the \$37,000 increase noted above. All other expenses remained consistent with the prior fiscal year.

Capital Asset and Debt Activity

As of June 30, 2017, 2016, and 2015, the Corporation had capital assets amounting to approximately \$53,500, \$53,500 and \$53,500 respectively. The Corporation's capital assets include furniture, fixtures and computer equipment. The assets were being depreciated over their useful lives of three to ten years. The accumulated depreciation on the capital assets amounted to approximately \$51,000, \$49,000 and \$48,000 respectively at June 30, 2017, 2016 and 2015. There were no disposals of capital assets during the current fiscal year ended June 30, 2017. Purchase of capital assets for the years ended June 30, 2017, 2016, and 2015 totaled approximately \$-0-, \$-0-, and \$4,000, respectively. The Corporation has no long term debt obligations for the years ended June 30, 2017 or 2016. More detailed information is presented in the notes to the financial statements.

Cash Management

The Corporation's funds are deposited into a checking account at a national banking institution. The account earned no interest for the years ended June 30, 2017, 2016 and 2015.

Economic Factors and Next Year's Budget

The West Virginia Public Defender Services, the Corporation's oversight agency, looked at various factors when approving the budget for the year ending June 30, 2018. Such considered factors include: the Corporation's case load in comparison to the number of professional and nonprofessional staff, the type, amount and rate of employee benefits, the anticipation of large or unusual cases which require additional resources, capital needs, as well as the operating environment and its operation needs.

For the year ending June 30, 2018, the Corporation has an approved budget of \$460,302. This represents a budget decrease of approximately 4 percent or \$20,573 from the prior year. Individual budget categories have comparable increases or decreases to the budgeted categories of the prior budget year.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2017 AND 2016**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of the Reporting Entity

The Public Defender Corporation for the Second Judicial Circuit (the 'Corporation') is a not-for-profit Corporation created under authority of Article 21, Chapter 29 of the West Virginia State Code. The Corporation is a discretely presented component unit of the State of West Virginia and is funded by West Virginia Public Defender Services. The purpose of the Corporation is to provide high quality legal assistance to indigent persons, at no cost, who would be otherwise unable to afford adequate legal counsel.

Component units are legally separate organizations for which the Corporation is financially accountable. The Corporation is financially accountable for an organization if it appoints a voting majority of the organization's governing board and (1) is able to significantly influence the programs or services performed or provided by the organization; or (2) is legally entitled to or can otherwise access the organization's resources; is legally obligated or has otherwise assumed the responsibility to finance deficits of or provide financial support to the organization; or is obligated for the debt of the organization. Based upon the application of these criteria, the Corporation has no component units.

The Corporation's management believes these financial statements present all activities for which the Corporation is financially accountable.

Enterprise Funds

Enterprise funds are accounted for in a manner similar to private business enterprises where the intent of management is that the costs and expenses, including depreciation, of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges and/or where management has decided that periodic determination of revenues earned, expenses incurred, and net income is appropriate for capital maintenance, public policy, management control and accountability.

Basis of Accounting

Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made. The accounting policies of the Corporation conform to accounting policies generally accepted in the United States of America. For financial statement presentation purposes, the Corporation utilizes the accrual basis of accounting. Under this method of accounting, revenues are recognized when they are earned. Expenses are recognized under the accrual basis of accounting when the liability is incurred.

The Corporation's operations are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets, deferred outflows of resources, liabilities and deferred inflows of resources associated with operations are included on the statement of net position. Net position is segregated based on restrictions imposed. The categories of net position are net investment in capital assets, restricted and unrestricted. The statement of revenues, expenses and changes in net position presents increases (i.e. expenses) in total net position.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2017 AND 2016**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents

For purposes of the statement of net position, the Corporation considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Receivables

All receivables are shown net of allowance for uncollectibles.

Method of Estimating Allowance for Uncollectibles: Receivables are periodically evaluated for collectability based on past history. Provision for losses is determined on the basis for loss experience, known and inherent risks. As of June 30, 2016, there was no doubt as to collectability; therefore, there is no allowance for uncollectible provision within the financial statements.

Capital Assets

Capital assets include furniture, fixtures and computer equipment. Capital assets are stated at cost at the date of acquisition. Depreciation is computed using the straight-line method over the estimated useful lives of the assets. The Corporation's capitalization threshold is \$1,000. Depreciation expense for the years ended June 30, 2017 and 2016 was \$1,340 and \$1,340, respectively.

Estimated useful lives of the assets are as follows:

Office Equipment	3-6 years
Furniture and Fixtures	5-10 years

Net Position

Net Position represents the difference between assets and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on its use either through enabling legislation adopted by the Corporation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The Corporation's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available. No portion of the Corporation's net position was restricted at June 30, 2017.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Inventory

Materials and supplies are expensed at the time of purchase. Therefore, no inventory amounts are reflected in the accompanying financial statements.

Insurance

Property and liability insurance coverage is considered adequate in the circumstances. See Note 5.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgetary

The Corporation is not legally required to establish an annual budget, however the Corporation does approve a budget and monitor it internally.

Pension

For purposes of measuring the net pension liability and deferred outflows/inflows of the resources related to pensions, and pension expense, information about the fiduciary net position of the Corporation's Public Employee Retirement System (PERS), and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by the PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary fund. For the Corporation, these revenues are grants from West Virginia Public Defender Services.

Operating expenses are those expenses that are expended directly for the primary activity of the proprietary fund. For the Corporation, these expenses are primarily administrative, benefits, maintenance and operations, depreciation, and travel expenses.

Income Taxes

The Corporation is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. Therefore, no provision for income tax has been recorded in the accompanying financial statements.

Accounting principles generally accepted in the United States require management to evaluate tax positions taken by the Corporation and recognize a tax liability (or asset) if the Corporation has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). Management has analyzed the tax positions taken by the Corporation, and has concluded that as of June 30, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Corporation is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Corporation's Federal Return of Organization Exempt from Income Tax (Federal Form 990), for 2014, 2015 and 2016, are subject to examination by the IRS, generally for three years after they were filed.

Deferred Outflows/Inflows of Resources

In addition to assets and liabilities, the statement of net position may report deferred outflows/inflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until that time. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. The Corporation reported deferred inflows and outflows of resources for 2017.

NOTE 2 – CASH HELD AT FISCAL YEAR END

At June 30, 2017 and 2016, the Corporation held cash and cash equivalents of \$132,983 and \$119,542, respectively, consisting of unexpended West Virginia Public Defender Service grant funds. West Virginia Public Defender Services considered this amount in determining the appropriate level of disbursements in the succeeding fiscal year necessary to fund the Corporation's normal operating activities.

NOTE 3 – COMPENSATED ABSENCES AND OTHER POSTEMPLOYMENT BENEFITS (OPEB)

Compensated Absences

The liability for compensated absences reported in the financial statements consists of unpaid, accumulated annual vacation balances. Estimated obligations arise for vacation leave at the current rate of employee pay. Employees with less than 5 years of continuous full-time employment during any period earn 15 days per year. Employees with 5 years, but less than 10 years of full-time employment during any continuous 10-year period, earn 20 days per year.

Also, the Corporation grants sick leave based on time worked. Full-time employees earn 20 sick days for each year of service with no maximum accumulation. The Corporation does not accrue any liability for sick leave because no amount is paid at the time of separation of employment. Upon retirement an employee may elect to use any accrued sick leave balances to increase their years of service at retirement but do not have the option for the Corporation to pay them a cash payout.

Retirement Health Plan

The Corporation contributes to the West Virginia Retiree Health Benefits Trust (RHBT), a cost-sharing, multiple employer defined benefit post employment healthcare plan administered by the West Virginia Public Employees Insurance Agency (PEIA). RHBT provides medical benefit to eligible retired employees of participating employers. RHBT issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to: West Virginia Retiree Health Benefits Trust, Building 5, Room 1001, 1900 Kanawha Boulevard East, Charleston, West Virginia, 25305-0710.

NOTE 4 – EMPLOYEE RETIREMENT SYSTEMS AND PLANS

Public Employee Retirement System (PERS)

The Corporation participates in a statewide, cost-sharing, multiple employer defined benefit plan on behalf of the general Corporation employees. The system is administered by agencies of the State of West Virginia and funded by contributions from participants, employers, and State appropriations, as necessary.

The Corporation's cost-sharing multiple-employer plan is administered by the Consolidated Public Retirement Board (CPRB), which acts as a common investment and administrative agent for all of the participating employers. CPRB issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CPRB website at www.wvretirement.com.

The following is a summary of eligibility factors, contribution methods, and benefit provisions:

Eligibility to participate:	All Corporation full-time employees, except those covered by other pension plans
Authority establishing contribution	
Obligations and benefit provisions:	State statute
Tier 1 Plan member's contribution rate:	4.50% (Employees hired before July 1, 2015)
Tier 2 Plan member's contribution rate:	6.00% (Employees hired after July 1, 2015)
Corporation's contribution rate:	12.00% (2017), 13.50% (2016)
Period required to vest:	5 years Tier 1, 10 years Tier 2

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

At fiscal year-end, the Corporation reported the following liabilities for its proportionate share of the net pension liabilities. The net pension liabilities were measured as of June 30, 2016 and 2015 for the Corporation fiscal years ended June 30, 2017 and 2016, respectively. The total pension liability used to calculate the net pension liabilities were determined by an actuarial valuation as of June 30, 2015 and rolled forward to June 30, 2016 using the actuarial assumptions and methods described in the appropriate section of this note. The government's proportion of the net pension liabilities was based on a projection of the government's long-term share of contributions to the pension plans relative to the projected contributions of all participating governments, actuarially determined. At June 30, 2017 and 2016, the Corporation reported the following proportions and increases/decreases from its proportion measured as of June 30, 2016 and 2015:

	<u>2017 PERS</u>	<u>2016 PERS</u>
Amount for proportionate share of net pension liability	\$ 200,277	\$ 122,313
Percentage for proportionate share of net pension liability	0.021790%	0.021904%
Increase/(decrease) % from prior proportion measured	-0.000114%	-0.011361%

For the years ended June 30, 2017 and 2016, the Corporation recognized the following pension expense:

	<u>2017 PERS</u>	<u>2016 PERS</u>
Pension Expense	<u>\$ 33,655</u>	<u>\$ 14,880</u>

Actuarial assumptions

The total pension liability was determined by an actuarial valuation as of July 1, 2015 and rolled forward to June 30, 2016 for all plans, using the following actuarial assumptions, applied to all periods included in the measurement.

Public Employees Retirement System (PERS)

Actuarial assumptions.

Inflation	3.00%
Salary increases	3.35% - 6.00%
Investment rate of return	7.50%

Mortality rates for non-disabled participants were based on the 110% of RP-2000, Scale AA for Males and 101% of RP-2000, Scale AA for Females, as appropriate. Mortality rates for disabled participants were based on 96% of RP-2000, Scale AA for Males and 107% of RP-2000, Scale AA for Females.

The actuarial assumptions used in the July 1, 2015 PERS valuation were based on the results of an actuarial experience study for the period July 1, 2009 to June 30, 2014.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each asset class are summarized in the following table:

Discount Rate

The discount rate used to measure the total pension liability was 7.5 percent for all defined benefit plans. The projection of cash flows used to determine the discount rates assumed that employer contributions will continue to follow the current funding policies. Based on those assumptions, the fiduciary net position for each defined benefit pension plan was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rates of return on pension plan investments were applied to all periods of projected benefit payments to determine the total pension liabilities of each plan.

The following chart presents the sensitivity of the net pension liability to changes in the discount rate, calculated using the discount rates as used in the actuarial evaluation, and what the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage point higher than the current rate:

NOTE 5 – RISK MANAGEMENT

The Corporation is exposed to various risks or loss related to torts, theft, or damage to and destruction of assets, errors and omissions, injuries to employees, and natural disasters. The Board, pursuant to the provisions of State law, participates in the following risk management programs administered by the State.

Board of Risk and Insurance Management (BRIM)

The Corporation participates in the West Virginia Board of Risk and Insurance Management, a common risk insurance pool for all State agencies, component units, board of education, and other local governmental agencies who wish to participate. The Corporation pays an annual premium to BRIM for its general insurance coverage. Fund underwriting and rate setting policies are established by BRIM. The cost of all coverage as determined by BRIM is paid by the participants.

The BRIM risk pool retains the risk of the first \$2 million per property event and purchases excess insurance on losses above that level. BRIM has \$1 million per occurrence coverage maximum on all third-party liability claims.

Public Employees Insurance Agency (PEIA)

The Board provides employees health and basic life insurance benefits through the Public Employees Insurance Agency. PEIA was established by the State of West Virginia to provide a program of health and life insurance for employees of State agencies, institutions of higher learning, boards of education, and component units of the State. In addition, local governmental agencies and certain charitable and public service organizations may request to be covered. PEIA provides a general employee benefit insurance program which includes hospital, surgical, major medical, prescription drug and basic life and accidental death. Fund underwriting and rate setting policies are established by the PEIA Finance Board. The cost of all coverage as determined by the Finance Board is paid by the participants.

Coverage under these programs is limited to \$1 million lifetime for health and \$10,000 of life insurance coverage. Members may purchase up to an additional \$500,000 of life insurance coverage. Premiums are established by PEIA and are paid monthly. The PEIA risk pool retains the risk for the health and prescription features of its indemnity plan, has fully transferred the risks of coverage of the Managed Care Organization (MCO) Plan to the plan provider and has transferred risk of life insurance coverage to a third party insurer.

Workers Compensation Fund (WCF)

West Virginia has a single private insurance company, BrickStreet Insurance, which provides workers' compensation coverage to all employers in the state. Other private insurance companies began offering coverage to private-sector employers beginning July 1, 2008 and to government employers July 1, 2012. Nearly every employer in the State, including all boards of education, which have a payroll, must have coverage. The cost of all coverage, as determined by BrickStreet, is paid by the employers.

The WCF risk pool retains the risk related to the compensation of injured employees under the program.

NOTE 8 – OPERATING LEASES

The Corporation leases office facilities under an operating lease agreement. Payments under this agreement were \$14,400 for the year ended June 30, 2017.

NOTE 9 – CONTINGENCIES

The Corporation is on a reimbursement plan with the State of West Virginia, Workforce WV, Unemployment Compensation Division, (Workforce) whereby they no longer pay quarterly premiums. When a liability arises regarding the payment of unemployment, the Corporation will be assessed 100% of the awarded claim filed and payment to Workforce would be made at that time. Any liability arising from the dismissal of employment is uncertain at this time; however, management believes such amounts if any to be immaterial.

The Corporation's programs are funded from state sources, principal of which is programs of the West Virginia Public Defender Services. State grants received for specific purposes are subject to audit and review by grantor agencies. Such audits and reviews could result in requests for reimbursements to grantor agencies for expenditures disallowed under the terms of the grants. The amount, if any, of expenditures which may be disallowed by grantor agencies cannot be determined at this time, although management believes such amounts, if any, to be immaterial.

NOTE 10 – SUBSEQUENT EVENTS

Management has evaluated events subsequent to the date of the statement of financial position through September 15, 2017, the date the financial statements were available to be issued. No events have occurred subsequent to the statement of financial position date through September 15, 2017 that would require adjustment or disclosure in the financial statements.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

September 15, 2017

Public Defender Corporation for the Second Judicial Circuit
509 Seventh Street
Moundsville, WV 26041

To the Board of Directors:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the **Public Defender Corporation for the Second Judicial Circuit**, a component unit of the State of West Virginia (the Corporation) as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Corporation's basic financial statements and have issued our report thereon dated September 15, 2017.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the Corporation's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinion on the financial statements, but not to the extent necessary to opine on the effectiveness of the Corporation's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Corporation's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Compliance and Other Matters

As part of reasonably assuring whether the Corporation's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Corporation's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Corporation's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
